RE: Software Engineering New Grad

Dear Hiring Manager,

Recently, I learned of Stripe's opening for a new Software Engineering position and I am responding with hopes of being considered for this role. With a strong knowledge of your organization's mission and values, I am confident that my background and commitment will serve well in supporting company progress.

I strive to maintain accuracy and consistency in task completion, individual performance and team goal-achievement, using acute attention to detail. Additionally, I offer time-management and scheduling flexibility.

Please review my attached resume which provides additional details of my education and skills. I believe my teamwork and problem solving abilities will provide an invaluable asset to your team. I would welcome the opportunity for an interview to further discuss the position and the ways in which I can positively impact Stripe's growth.

Thank you for your time and consideration.

Sincerely,
Nahshal Manir
